

THE WAR IN THE MIDDLE EAST HITS HOME

All last summer, virtually unnoticed by the rest of the world, the Iraqis and the Kuwaitis met to settle disputes between the two countries. Iraq claimed that the Kuwaitis stole 2.4 billion dollars worth of oil from under the disputed border between the two. The meetings did not produce any solutions, so on August 1st Iraq broke off the talks. The rest of the world paid little attention to this and went on with the rest of their lives. However, in the coming days people and nations would take notice.

Most everyone woke up on the morning of August 2nd to the news that, overnight, Iraqi troops had invaded Kuwait. Iraqi President Saddam Hussein thought that this would solve the problems between the two. However, this caused more problems than it solved.

The world's position on the subject of Iraqi-Kuwaiti relations had done a complete turnabout. Their opinion before the invasion was that Arabian matters should be settled by those Arabians. After the invasion, though, the United Nations voted to impose sanctions against Iraq. Along with that, the U.N. sent an American led, Multinational force of troops to Saudi Arabia to help protect the Saudis.

The multinational force was headed by 400,000 American troops. Soon after the assignments of the troops, the American Armed Forces announced that to keep military personnel levels the same all over the world, they would have to call up many reservists. Also, as the forces assembled in Saudi Arabia, there was a need for more people to be there. Therefore, this also added to the number of required. This call-up affected ten Deland-Weldon graduates. These graduates were: Kenny and Joe Blazek, Jeff Creek, Dan Wikoff, Mike White, Scott Babb, Roy Wrightson, George Redman, Matt Baker, and Mike Burton.

The threat of war stirred memories of the Vietnam and Korea Conflicts, and came under protest by some American people. They said that there should be "No Blood for Oil." However, there was an overwhelming support of our troops by displays of signs, t-shirts, Amer-

ican flags, and yellow ribbons. Many sports teams showed their support for the troops by wearing American flag decals or patches on their uniforms. Even our own Deland-Weldon basketball team wore arm-bands at the last two home games.

On November 29, the U.N. Security Council Gave Iraq a deadline of midnight on January 15 to pull all of its troops out of Kuwait. After that, the U.N. Coalition could move against the Iraqis, if they weren't out. As the January 15th date drew nearer, Congress debated on whether or not the president had to consult with the House and Senate before sending our troops into combat. They eventually, after long deliberation, okayed the use of force by the president.

The deadline came and went without an Iraqi pullout, so at about 1 o'clock Saudi Arabia time U.N. Coalition jets took off, bound for their targets in Iraq and Kuwait. At 3:06 Saudi time (6:06 our time) White House spokesman Marlon Fitzwater said that, in President Bush's words, "the liberation of Kuwait has begun."

The next day, amidst the continuous bombing by the Allies, Iraq launches the first of many Scud missile attacks against Israel. Iraq hoped that if they could drag Israel into the war, the Allied forces would become divided. But the Allies shot down the Scud with a Patriot anti-missile missile. Israel was safely protected from the Scud attacks by these Patriots, so they did not retaliate.

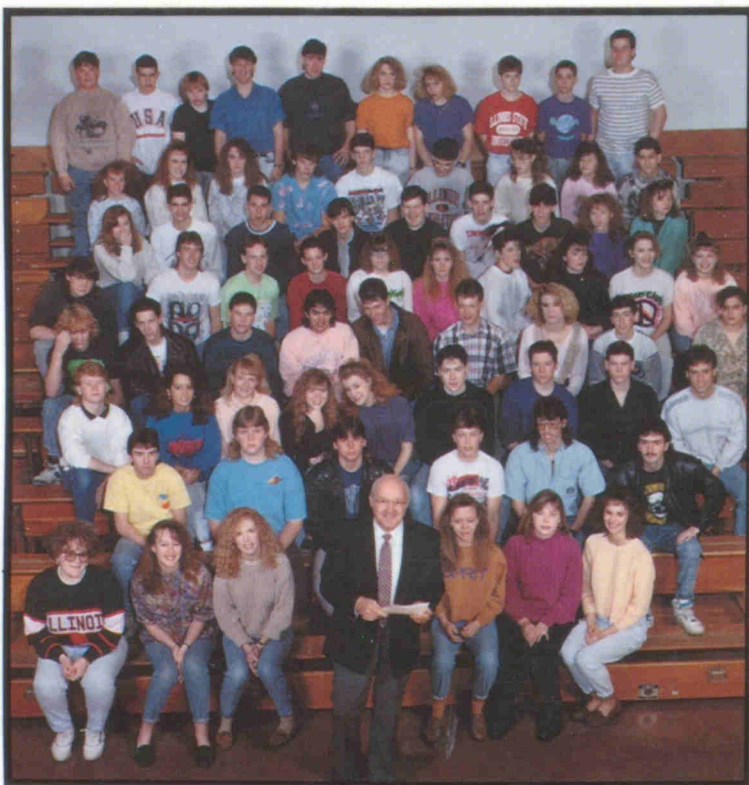

Ten days into the war (January 25), Iraq sabotaged a Kuwaiti oil facility on the coast. This caused millions of gallons of oil to pour into the gulf. (Scientists predict that

the oil could be in the environment for over 300 years.) This move made Iraq even more hated by the world. Later bombing by the Allies shut off this continuous dumping.

On February 18, Iraqi foreign minister Tariq Aziz met with Soviet President Mikhail Gorbachev to draw up a peace proposal. President Bush rejected the proposal that was drawn up and said that Iraq must leave Kuwait by 8 p.m. Saudi time (11 a.m. our time) on February 23. If they weren't out by then, the U.N. was to use its ground forces and move into Kuwait. Iraq didn't withdraw so the Allies began the short lived ground war.

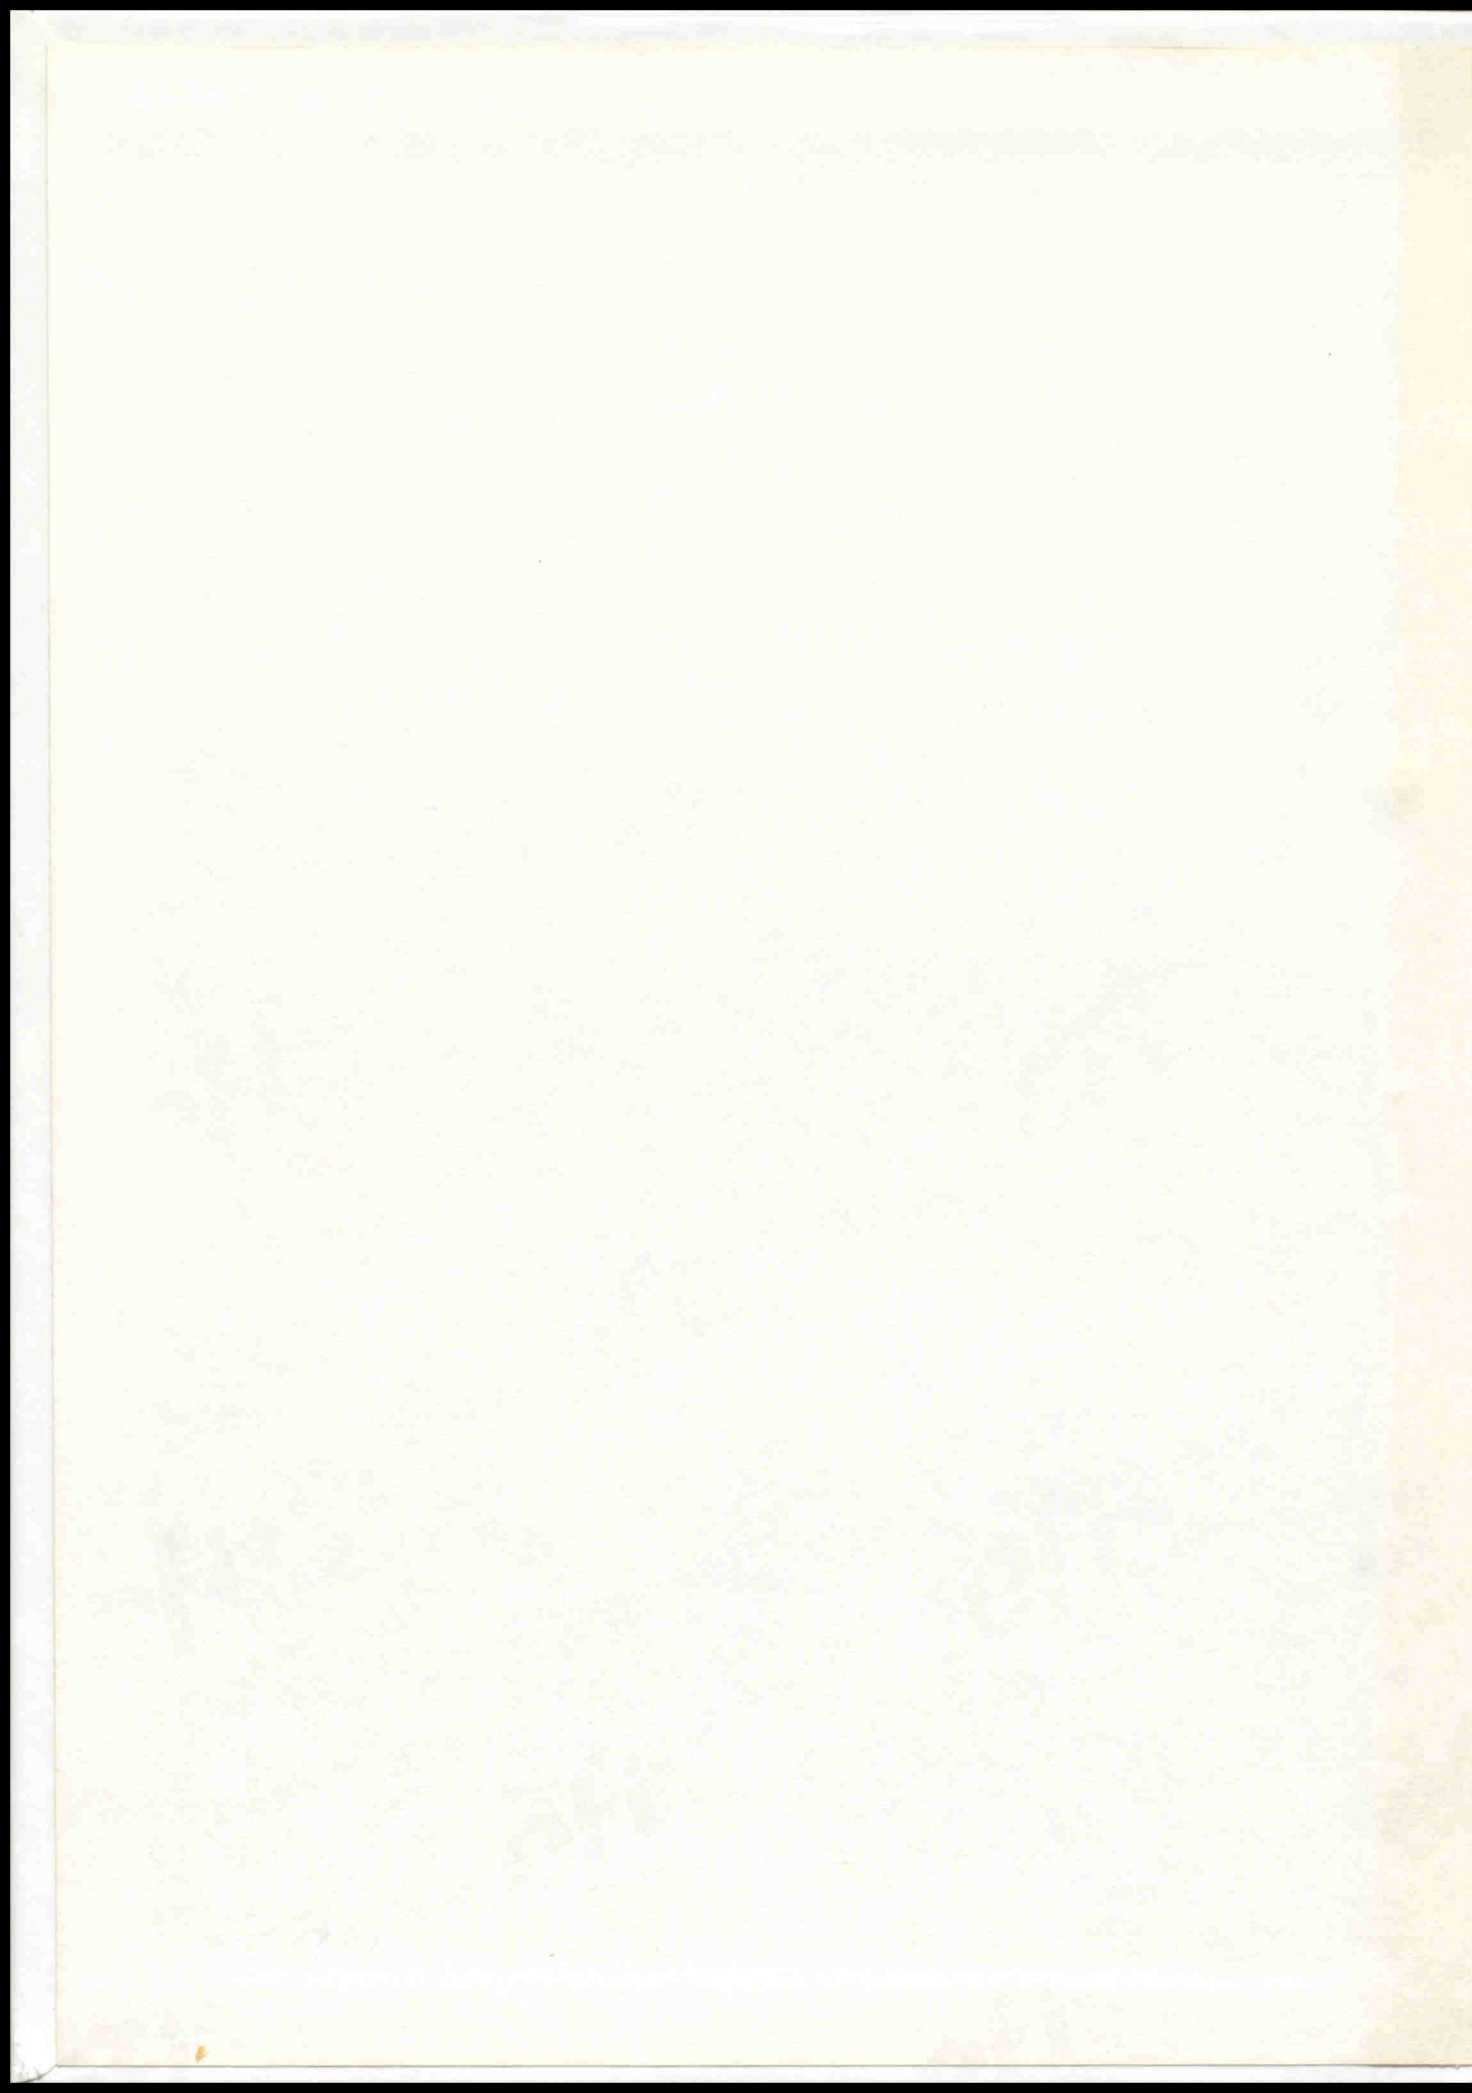

In a few days the Allies marched deep into Kuwait and took over 18,000 Iraqi troops prisoner. On February 27, after the Allies reclaim Kuwait City and severely disable the Elite Iraqi Republican Guard, President Bush makes a national speech. In this speech he declared that at midnight (EST) "all United States and Coalition forces will suspend offensive combat operations." This statement ended the war.

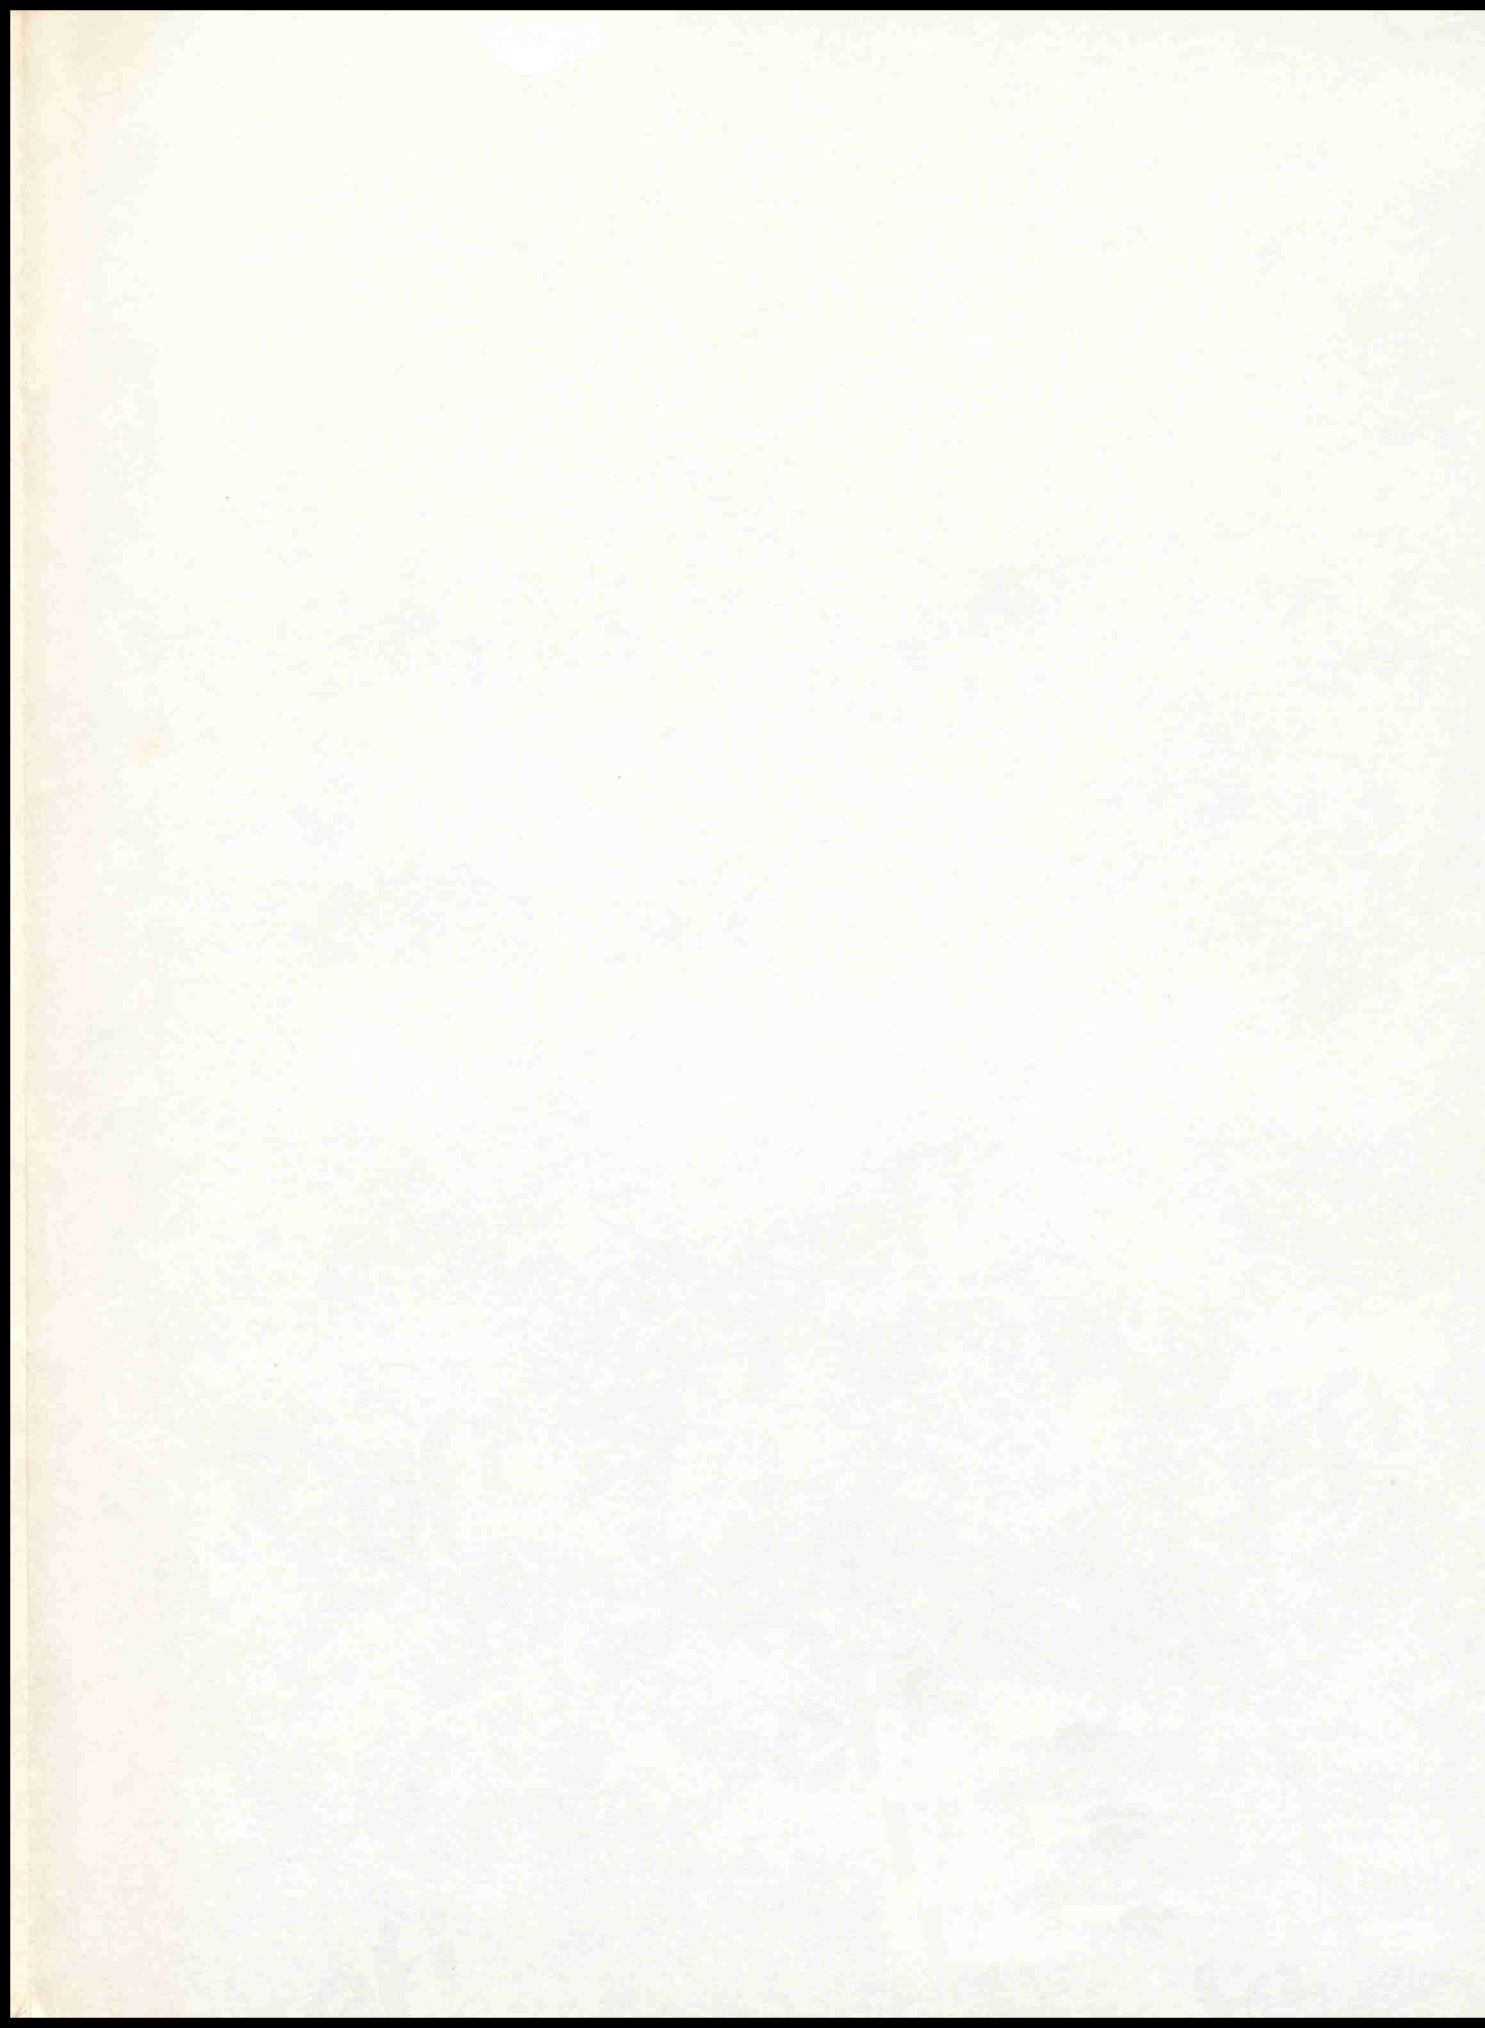

The Persian Gulf War had lasted 43 days, 39 of which had been non-stop air bombardment of Iraqi positions. The war had caused 252 confirmed American deaths and 59 confirmed deaths of other Allied Forces. The number of Missing In Action (Americans) and Prisoners Of War (also American) were 45 and 9, respectively. The Allied forces' (without the U.S.'s) reported numbers were 21 Missing In Action and 4 Prisoners Of War. The Allies also took more than 80,000 Iraqis prisoner. Since the war has ended almost all of the Iraqi prisoners have been returned, and so has most of the Allied prisoners.

MONEY TALKS

After the last home volleyball game of the year, the D-W sponsored the bonfire wiener roast (complete with mustard, marshmallows, and fire truck!)

Later on in the year Student Council made a decision that affected all pop drinkers . . . they got a Pepsi machine! Student Council also sponsored Homecoming on February 2. "High Enough" was the theme song and the colors were silver and maroon. As their final activity, Student Council bought burgers and had an all-school cookout. The annual spring cookout helped finish off the 90-91 school year.

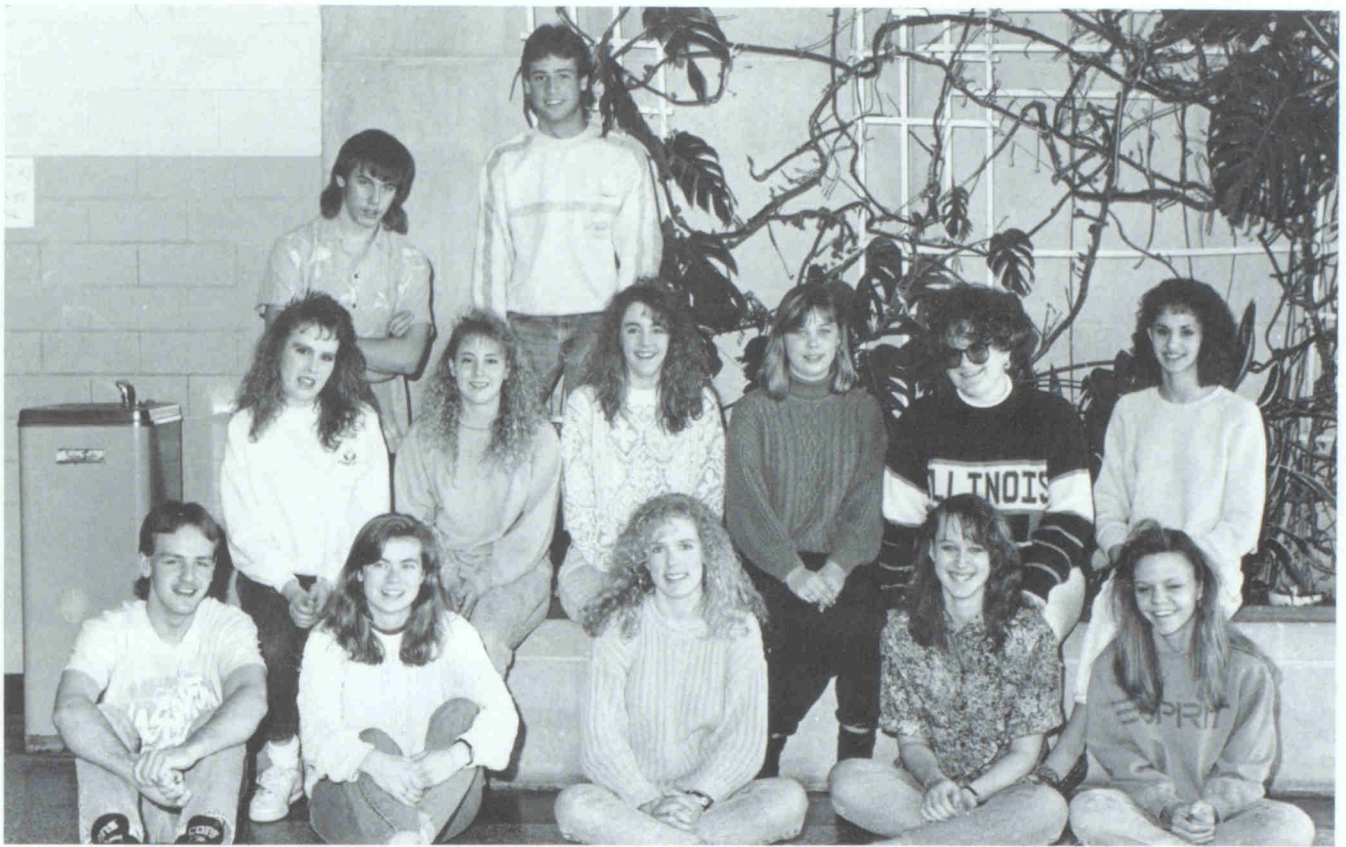

Student Council officers this year were: Shannon Seal — President Shannon Seal — President Josh Hogan — Vice President Alicia Francis — Treasurer Kristin Smith — Secretary

The 1990-1991 yearbook started off with all the enthusiasm and gusto one would expect with our Eagle Spirit . . . As the year progressed and interest sagged the few that came thru, really came thru . . . the rest did their best . . .

Chet Walter, Bill Musick, and Ashley Sayers take two hours every day to drive over to Clinton for Agriculture, that is not including all the other hours they put in attending meetings, contests, and planting their eighty-two acres of FFA variety plots. These three boys have been very successful in winning several awards.

Chet standing with Mr. Prather, the ag teacher, won first place in state competition for his record books on poultry. He also did very good in selling a tractor in the sales presentation contest.

The top two pictures is the chapter going to state convention in Champion at the Assembly Hall, where they received several awards. Bill with his project, did very good in prepared public speaking. Ashley won best floor member in parliamentary procedure, highest score in identification of crops, and placed high on his telephone presentation in the sales contest.

In order to become a member of the Letterman's Club you must earn a Varsity letter in any sport. These athletes have many opportunities to do this, some more than once!!!!!! In the fall girls volleyball starts even before school does. As winter approaches, boys have basketball and the cheerleaders and pom poms cheer them on to victory. In the spring the boys track season ends out the year. The opportunity to travel to Clinton and participate in sports there is another option for our athletes. They can choose from all the sports offered at the Clinton High School. We're very proud of all our representatives.

Lifesavers

Lifesavers are high school students interested in helping fellow teens handle the stresses of life in a healthy way. Eventually they would like to expand the program to the Middle School. Free alternating activities include lock-ins, swimming parties, movies etc. This organization has become necessary because the drug and alcohol use of teens and pre-teens are at record highs. Our rural communities are NOT immune to urban problems such as these. They usually meet once a month and have had a more than positive result at Deland-Weldon High!!!!

The Deland-Weldon High School had nine players for the 1990-91 school year. They played two concerts this year, one in December and the other in May. They played pep-songs for the basketball team on most home game nights. As the final event the band took a trip to Six Flags in St. Louis. The Chorus came along too and a good time was had by all.

Chorus

The Deland-Weldon Chorus was busy this past year. They had two concerts, playing at the same events as the band. They sang at the peace-meal program in downtown Weldon for many appreciative senior citizens. All nine members went to contest in Monticello, at Monticello High School in early March, of 1991.

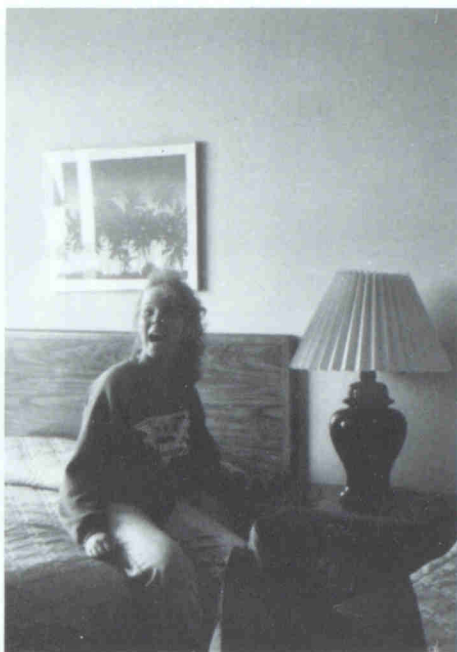

The members of the Deland-Weldon Chorus are Christi Cooly, Kristin Smith, Candy Reemers, Charity White, Jaime Baker, Shannon Seal, Adelle Smith, Carrie Case, Dana Shroeder and Deanna Dalton.

It was a season of growth and experience for the younger players. Next year will be a very promising season.

STUDENT COUNCIL

Again this year, Student Council was a very busy group. In the Fall, they put on a bonfire for the volleyball team that was enjoyed by all. They also did a great job at decorating the gym for homecoming. Their major fund raiser was the money from the pop machines. In addition, they donated money to clubs in the school.

LETTERMAN'S CLUB

Wait! Aren't these supposed to be Letterman's Club pictures? Yes — they are supposed to be — but we regret to say that they have been misplaced. We're very sorry. The club was very successful in their annual Letterman's Club Carnival this year. Games, cake walks, and the jail provided fun for all ages. To be in the Letterman's Club, you must letter in a sport. So, here are some pictures of sporting events that enabled athletes to become members.

D-W sports wouldn't be complete without "The Crowd".

LIFESAVERS

This year's Lifesavers did many different "drug prevention" projects during the 1989-90 school year. They got the entire school to participate in the National Red Ribbon Campaign during the week of October 22-29. The theme of the campaign was "My Choice . . . Drug Free", and its purpose was to present a unified and visible commitment toward the creation of a Drug-Free America. The group also sponsored a High-School lock-in where there were movies, games, swimming and lots of fun. There was also a lock-in where the Junior High shared in all of the same kinds of activities. On Pack the Place night the organization held a raffle of a AM/FM cassette player.

THERE FOR AWHILE

"There for awhile" by Steve Warner seems like an appropriate title since when you're a freshman it seems like you'll be here for awhile! These freshmen passed the time by getting involved in basketball, track, pom-pom, cheerleading, and Clinton sports. Good job guys and good luck in your remaining years at D-W!

Getting an answer, Joe?

This year's sophomore class was busy as usual with fundraisers. They started with a class float that was entered in Deland and Weldon's homecoming's. The sophomores constructed a limosine with a saying on the trailer that said, "Sophomore's go first class." Also, they sold Nestle-Beich candy bars and chocolates for another fundraiser. In between these activities, they were getting their white-slips, blue-slips, and for some of the lucky one's their license's. Amazingly enough there have been no accidents and only one ticket issued.

the LIMIT!

Some D-W students enjoy performing for a captive audience.

It's Tuesday, May 28th . . . the day after Memorial Day. Your alarm goes off and it's buzzing away. You realize that if you don't get up you're going to be late for school and that means a trip to the hole, for sure . . . because you've been late just about every day last week. You jump out of bed, jump in the shower . . . throw on your clothes and run out to the drive . . . either to jump in your car or on the bus . . . and then, only then do you finally realize, it's SUMMER!!!!!!!!!!!!!!!!!!!!

The top 5 summer activities will be sleeping late . . . very late!! Partying and not having to worry about time . . . going to work, going on a vacation or, the best of all . . . having time to shop!!!! And making the extra money to pay for it . . .

D-W students watching their coach show her amazing hook shot . . . "just one more time."

Senior Class Trip

Always under the watchful eye of one of the chaperones — but, who's watching who in this photo?

I can't believe a T-shirt costs that much, Courtney?

The Senior Class Trip began for the anxious travelers at 10:00 a.m. in Chicago . . . they covered about all the HOT SPOTS in the Windy City, the Field Museum, Water Tower Place, Brookfield Zoo, Shed Aquarium. A dinner cruise aboard "the Spirit of Chicago" was a little more exciting than usual, with Tornado warnings all around . . . and I'm sure the guys will always remember their block and a half cab ride . . . Many happy memories were made those days they shared together . . . Kathy Mabbs, the other chaperone took many memorable photos!!!!

Rob Lanterman looks anxiously for the train to arrive . . . his fellow classmates assure him, "it will be here . . . promise!!!!"

Freedom

FREEDOM — for the seniors at last!!!!!! The class of 1991 started with sixteen members and ends with thirteen. Nine of the class members have been together the entire thirteen years! After fund raisers, numerous bake sales and Prom, six of the senior class scraped up enough money to take a trip to Chicago. (The rest of the crew got a two day vacation!!!!!!) We seniors extend a special "thank you" to our friends, parents, teachers, coaches, sponsors, and community supporters for a successful education and all their patience watching us grow up!!!!!!

CAN'T STOP DANCING

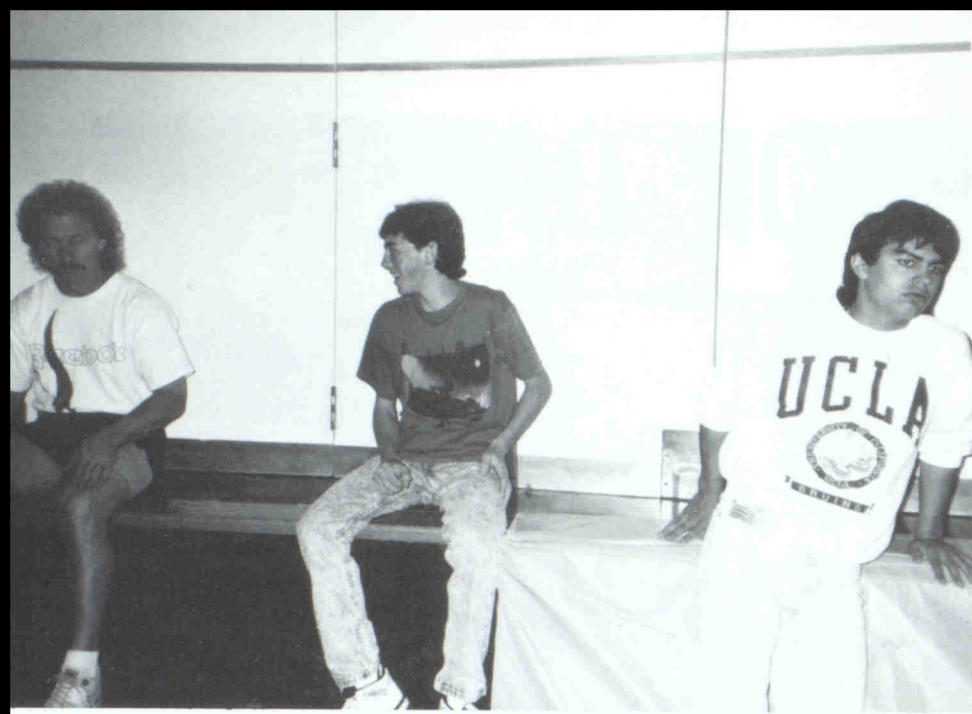

This years Homecoming was enjoyed by all that attended. The evening was especially enjoyable after the Eagle victory over the Fisher Bunnies. Brian Alexander provided the music, keeping the crowd going with hits old and new. Bill Musick and Ashley Sayers announced the Grand March. The Eagles also hosted the third successful Pack the Place. Prizes and give-aways made the evening profitable for the big winners and exciting for all who attended. Some of the mothers of our alumni who went to the War in the Gulf were present and made the singing of the National Anthem a moving moment for all.

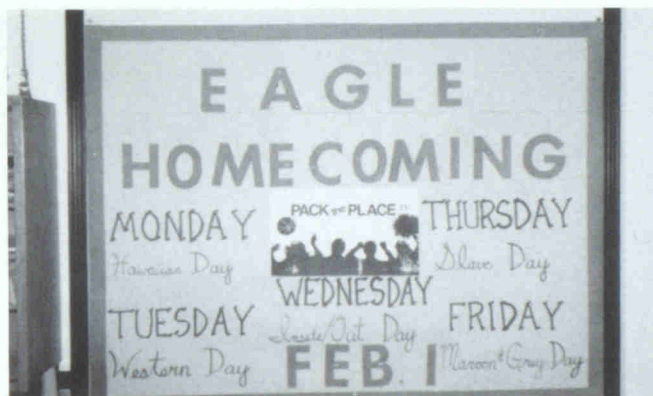

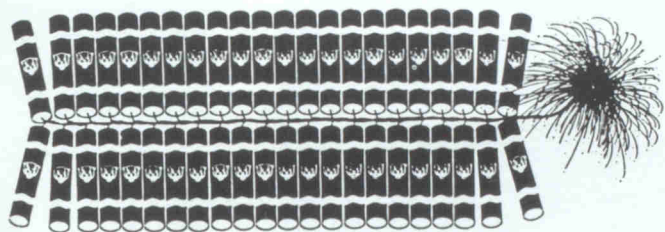

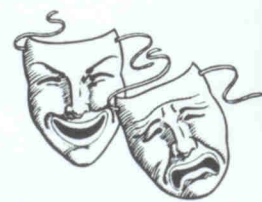

Robert Paulk and Shannon Seal reign proudly as king and queen .

Bill Musick, Ashley Sayers and Mr. Bowen act busy so noone will notice they're not dancing . . .

Prom 1990-91

"If You Need Somebody"

Some underclass girls have a laugh!!!!

Pookie says, "wake-up Robert, it's Prom Night Big GuY!!!

Prom for the 1990-91 school year was held at the Illini Inn in Champaign, Illinois. The theme for the wild party the Juniors threw was, "If You Need Somebody", a popular song by the group Bad Company. The music, a mix of old and new, was provided that evening by a popular DJ from everybody's favorite radio station, WLRW in Champaign. Steve Chapman took time out from his radio duties and did a great job entertaining the Prom goers . . . Many teachers and board members attended the festivities, as well as the students. The King and Queen for the evening were cousins, Chet Walters and Wendy Walters. Everyone looked great in their dress-up dudes and a great time was had by all who attended . . .

Suave and debonair as always . . .

Cherene White and Betty Kizer admire all the students Prom finery while Dr. Magee tells a joke or two!!!!!!

Chet and Wendy reign proudly as King and Queen of Prom

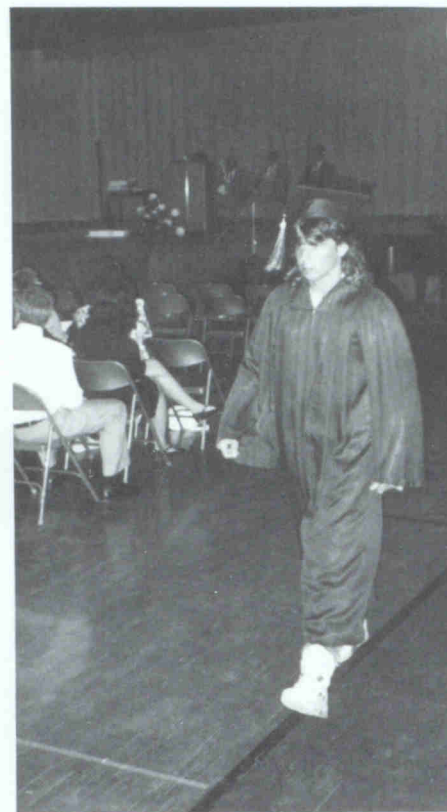

Chet loses his tie and says, "now what do I do with this thing???"

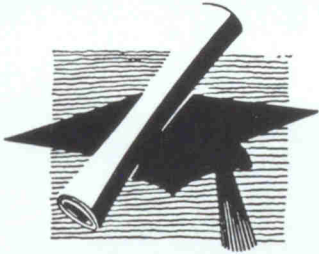

Graduation '91

It was a hot and humid night, on May 25, as usual for this years graduation. As the usual pomp and Circumstance played the 13 members of the senior class marched through the gym sweating partly because of the humidity and partly because of their nervousness. On this night, the class of '91 listened to speeches given by the Salutatorian Shannon Seal, and Valedictorian Alicia Francis. There was also a speech given by retired superintendent Bob Bowen. Then it was time; as class president Nathan Richards instructed the class changed their tassels and they were "outta here".

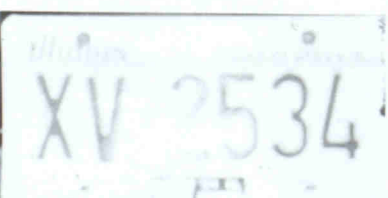

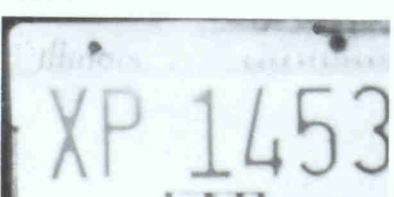

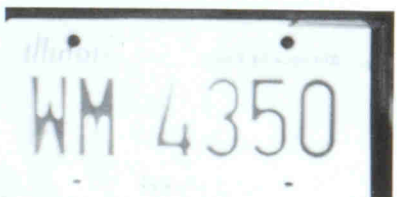

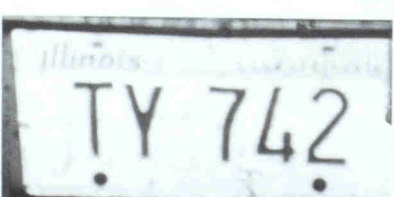

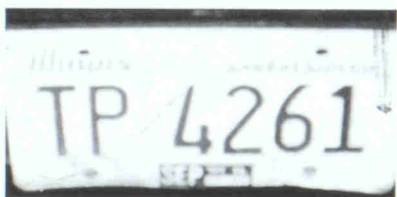

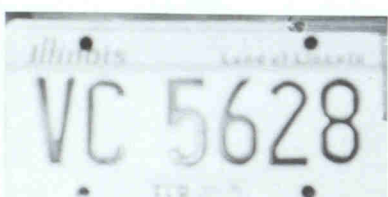

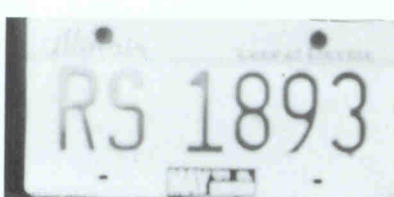

CONGRATULATIONS GRADS

A magical thing happens when a young adult turns 16. A transformation of their whole life. It is the drivers license. It's the ticket to freedom. But to go along with the drivers license a teen also has to have a car (preferably that runs), an insurance card, and a license plate. The last one is the focus of these two pages.

Closing Comments By Coach

these comments by Coach Parrish were just too good to take a pass on . . . so . . . BASKETBALL!!!!!! The 1990-91 Basketball season was a year of Highs and Lows. Athletic potential was on our side and experience wasn't. Varsity finished at 12-14 and our Junior Varsity ended at a very respectable 12-6, with 5 juniors and 6 sophomores playing varsity, we knew it would be an eye-opening experience going in. Our record was a bit deceiving. Of our 12 victories, we averaged a winning point margin of 18 points. Six of our losses were by a combined total of 9 points. I hope we'll be even hungrier in 1991-92 because with an experienced year like this one to our credit, we could be reaping some benefits next year. The key is TEAM!!!!!! NO ONE SUPERSTAR JUST TEAM!!!!!!!!!!

-----Coach Parrish

More Than Words

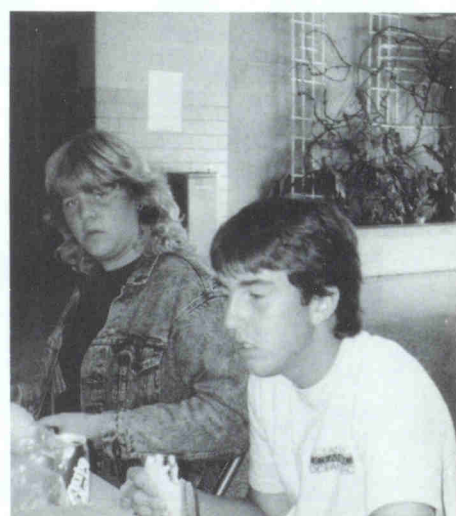

It would take "more than words" to explain what all has happened this year. But by looking at these pictures you can tell we all had a fun time.

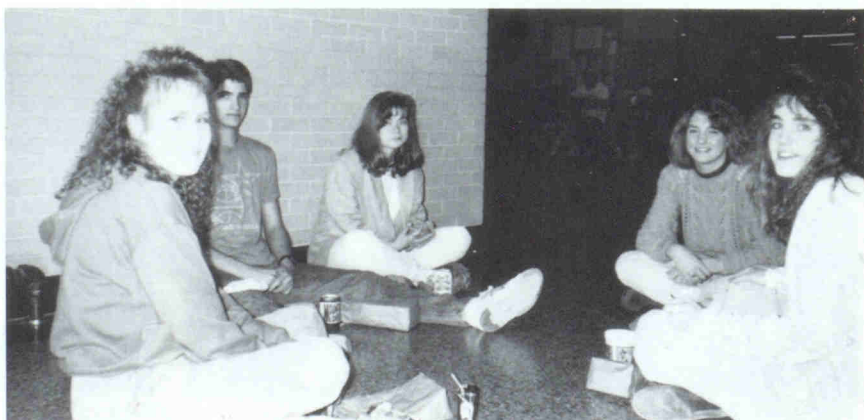

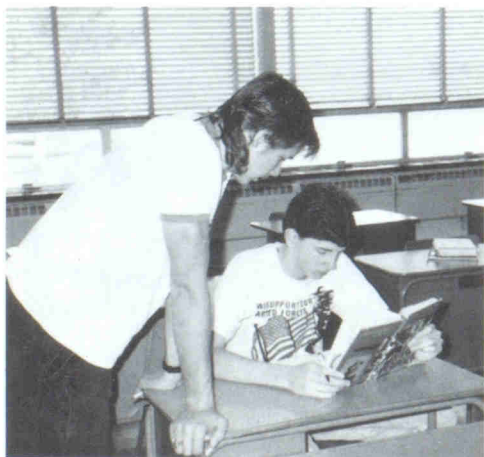

Say cheese!

Shay strikes a pose.

Rob and Doug eat before DAVC

Some of the High School lunch bunch.

Even the Grown-ups can't wait for the bell to ring . . .

Mr. Bowen, always telling someone where to go!

HA!!! I think I'll try that line on Ms. Ray!!!!

Sure . . . we're working on a class assignment . . . No, really we are . . . honest . . .

Being a yearbook advisor is a very difficult job!!! I've learned alot in the past few years — along with some really good "excuses" that I've never even heard before! One thing I did learn is that there really are a few responsible teenagers out there who will stick with a task till it's done. I had the opportunity to work with a few of these students and I feel they should receive some special recognition for their outstanding jobs well done . . . Bill Musick, Derek Atteberry, Kristin Smith, Charity White and Shannon Seal. They always made themselves available to do their best and that quality will surely take them far!!! Thanks to you all . . . Jeanne Lawrence
